

# CHECK OUT OUR **UPGRADE** PROGRAM

Turn your **NEXUS** into an **UltraNEXUS**

## **NEXUS to UltraNEXUS Video Server Upgrade Program**

NEXUS® customers! How do you increase your local media storage capacity, add dynamic video content, and automatically create digital media files optimized for streaming video-on-demand? The UltraNEXUS™ is your answer. To ease your transition, we have designed an upgrade program that credits your original NEXUS investment. Our upgrade program gives you the option to exchange your NEXUS or send it back to the factory for quick hardware/firmware updates. Either way, the upgrade is fast, easy, and affordable.

Once your upgrade is complete, you can combine the UltraNEXUS with PEG Central™ for an unbeatable combination of digital television automation and Web streaming technology! Visit [www.pegcentral.com](http://www.pegcentral.com) for more information.

### **UltraNEXUS Key Features:**

#### **Dual Digital Media Encoders**

- Simultaneously encode media for broadcast and Web
- One broadcast-quality encoder
- One encoder optimized for Web video
- Hardware-based encoders ensure superior video quality

#### **Integrates with PEG Central**

- Seamless integration of broadcast and Web-based media without additional hardware

# NEXUS to UltraNEXUS

## UPGRADE OPTIONS

### EXCHANGE

Eliminate potential channel downtime with the LEIGHTRONIX NEXUS exchange program. Receive an UltraNEXUS from our exchange stock, install the UltraNEXUS in your video system, and then send us your NEXUS.

Exchange units are inspected, tested, and certified at LEIGHTRONIX. Exchange units may originate from LEIGHTRONIX demo stock or from other customers participating in the program. LEIGHTRONIX will not only honor the remainder of your original NEXUS warranty, but will add an additional year of product warranty coverage!

**NEXUS - UltraNEXUS Exchange — Part Number LGX-UltraUPG-E | Price \$3,495**

### UNIT UPGRADE

Send in your NEXUS for a FAST hardware upgrade and keep your original unit. Within 48 hours, LEIGHTRONIX performs, tests, and certifies all of the hardware and firmware upgrades needed to convert your NEXUS to an UltraNEXUS. When the upgrade is complete, LEIGHTRONIX will return your newly converted UltraNEXUS back to you. \*

**NEXUS to UltraNEXUS Hardware Upgrade — Part Number LGX-UltraUPG-U | Price \$2,995**

**Questions? Call our sales staff at (800) 243-5589 or send an email to [sales@leightronix.com](mailto:sales@leightronix.com).**

**Ready to Upgrade? Call your local authorized LEIGHTRONIX dealer.**

NOTE: In order to maintain top system performance during dual digital video encoding, a second USB hard drive is needed for your UltraNEXUS system.

\* LEIGHTRONIX pays for outbound shipping at the price of UPS Ground Shipping. A credit equaling the price of UPS Ground Shipping will be given to those who require an expedited shipping method.
